High School Department

THE COLLEGE OF THE IMMACULATE CONCEPTION is conducted by the Fathers of the Society of Jesus. It was founded in 1847, and for the six decades and more of its existence it has sent forth graduates to fill posts of responsibility in every honorable walk of life.

In the fall of 1911, on the completion of the college building, Marquette Hall, of Loyola University, the Faculty transferred thither the College classes, retaining the High School Department at the building on Baronne Street.

The building offers every advantage for its present status, both on account of its spacious room, previously occupied by the college classes and now devoted solely to those of the High School, and on account of its location, being within a distance of only a few paces from all the important street cars in the city, while two of the principal car lines pass in front of the Baronne street entrance.

General Plan—The High School Department is primarily a school preparatory for admission to Loyola University, and leads naturally to the College course at Marquette Hall. At the same time the course of studies offers as full and complete a training as can be had in any of the best High Schools in the country; and while a long and varied experience has shown that no Academy or High School can supply what is essentially the work of a college in preparing for the higher studies of the University, the entire training and the graded course of studies pursued in the High School Department offer to every student as thorough and complete an education as can be obtained within the short term of a high school course.

Religious Training.—The College authorities are convinced that, without Religion, there can be no education in the true sense of the word, that is to say, no complete and harmonious development of the intellect and heart of man. They hold, furthermore, that religious truth, being definite and certain, like any and every other truth, is as susceptible of teaching as the science of language, or the theory of numbers. Hence, the Catechism of Christian Doctrine is a textbook in every class, and lectures on it are given twice a week. In all the classes the day's work begins and ends with prayer. The Catholic Religion alone is taught, but non-Catholics will also be welcome and their religious opinions studiously respected. Such students are not asked to take part in the Religious exercises of the School.

Entrance Requirements.—Candidates for admission to the High School, if not already known to a member of the faculty, must present a testimonial of good moral character. Students who have completed the eighth grade in a Parochial or Public school are eligible for admission, and certificates of such schools of good standing will be accepted. Those who have not such certificates will be required to pass an examination. Entrance examinations are held each year in June and at the beginning of September. Candidates that win the highest honors in the June Examination secure thereby the scholarships for the High School course which are open that year. Arrangements for these examinations should be made at an early date.

Regulations.—Regularity in attendance and diligent application to study are essential for success, and parents are called upon to see that both are attended to.

Each student is daily assigned work sufficient to occupy him for at least three hours at home. If the important duty of accomplishing this home work is neglected, it will be impossible for the student to attain the proficiency required for promotion, and if such neglect is tolerated parents should not

be surprised at finding that their sons are not promoted. Failure to accomplish the home work, as well as absence, for any cause whatever, from any part of the daily classes, will not be excused without a petition to that effect from the parents or guardians; and these petitions should not be made without grave cause.

Each student is required every month to give proof, in a written test, of his progress in every branch that he studies. A report of these tests is sent home every month, to be signed by the parents and returned to the Vice-President. Parents should demand these reports at the close of each month, and confer with the Vice-President if they are not forthcoming. Any note below 70% is unsatisfactory, and should not be allowed to pass unnoticed at home. In this matter co-operation on the part of parents is much to be desired, and even necessary if full profit is to be reaped from the course of studies pursued.

The Rules of politeness, as a part of the education of youth, are rigidly insisted upon, and their violation will subject the offender to suspension, or even to dismissal. Want of respect towards any member of the faculty will not in any case be tolerated; nor will rough or ungentlemanly conduct towards companions be permitted. Anything bordering on immorality will be visited with summary expulsion.

Luncheon is served on the premises, and no student is allowed to be absent during the time of lunch. Parents are requested not to petition for their sons an exemption from this rule.

Smoking on the premises, or in the immediate vicinity thereof, is strictly prohibited.

Injury to the school property will be repaired at the offender's expense.

The High School is open to day scholars only. Boarding in the city, unless it be with relatives or intimate friends, is not recommended to applicants living at a distance.

The weekly holiday is Saturday.

Classes begin daily at 9 a. m. and end at 3 p. m. Catholic students are required to be present daily for morning prayer at 8:45 a. m. The Catholic students are also required to receive Holy Communion in a body once a month.

Premiums.—Two premiums for excellence are conferred in each class at the close of each term. At the end of the second term two are awarded in every class for each of the studies pursued. Also at the end of the second term Gold Medals are conferred as follows: Two for Christian Doctrine; one for Latin; one for English; one for History (in IV year only); two for mathematics; one for Science (in IV year only); two for Elocution; one for Sanctuary Service; one for punctual attendance, and one for excellence in deportment and scholarship; a medal for penmanship is awarded in Grammar School only.

Course of Studies—The course of the High School extends over a period of four years, at the successful conclusion of which a certificate is awarded.

The studies embrace a course in Christian Doctrine, Latin, English, Greek, Algebra, Geometry, Physical Geography, Elementary Physics and Chemistry, and Elocution. All these studies are compulsory, and necessary as a condition for obtaining the certificate, the Faculty being convinced that the system of allowing young boys select their own course of study is an experiment often tried and long ago found wanting.

In addition to these studies each student is required to pursue a two year course in either French, Spanish, or German. Typewriting, Stenography, Mechanical Drawing and Book-keeping are offered as extra courses.

Students who are exempted from any of the prescribed studies are considered "out of course," and do not receive the High School certificate conferred at the completion of the four years.

Promotion.—Examinations in all the branches are held at the end of January and in June. Promotion depends on the average note secured in these examinations and in the monthly tests. In order to be promoted students are required to attain at least 70% in every branch. This rule is absolute. Students who have failed to secure this percentage during the year will be allowed an examination (*in writing*) in the beginning of September, provided the general average of all their marks is not less than 70%. In the case of one who has failed to secure this general average the Faculty deem withdrawal preferable to promotion.

Grammar School

The Grammar School is a preparatory school for students whose previous studies have not sufficiently fitted them for admission to the High School Department. The amount of time that students will be required to spend in this school will depend upon their knowledge at the time of entering it, and upon their diligence in mastering the studies of its curriculum.

The regular course of this department extends over a period of two years. Promotions in it may be made during the year, in February; but no student is promoted from Grammar School to High School except at the end of the year, after successfully passing the June examination in the studies of the second year.

The school is conducted in a building distinct from that of the High School, with separate play-ground, etc. The students are subject to the same general regulations as those of the High School.

Argument

Mr. Wilde, Sr., of Liverpool, having come to London and collected the sum of £8,000, took lodgings with Mr. Plump, a landlord. While staying at this gentleman's house he became sick and died. Wilde, Jr., being informed of his father's death, hastens to London and finds that the £8,000 which belonged to his father, have vanished.

His suspicions fall on the landlord; but having no evidence against Plump, he had determined to let the matter rest, when Garrick, the actor, a friend of his late father, informs him that Plump is the thief. Garrick making use of his histrionic experience, and ably assisted by Gouvernet, the scene-painter of his theatre, finally succeeds in forcing the landlord to deliver him the stolen money.

Scholarships

The Scholarships for the High School Department are of two kinds, course scholarships and perpetual scholarships.

A course scholarship entitles the holder to the four year course of the High School Department, and a certificate on its successful completion. By means of such scholarships deserving students, selected by the donors of the scholarship or by the College authorities, or by competition, are enabled to make the full High School course. These scholarships are sixty dollars per year.

But course scholarships, by their very nature, cease with the graduation of the holders. What is practically needed and most desirable is the foundation of perpetual scholarships, that is, an endowment sufficiently large to yield an annual interest that will cover the yearly tuition fees of one student. These endowed scholarships are estimated at \$1,500.

Acknowledgments

The President and Faculty wish to express publicly, and in an especial manner, the gratitude with which the College recalls and cherishes the memory of its past and present benefactors. The Messrs. Bernard, Patrick and Hugh McCloskey at their own expense erected the superb College Annex now occupied by the Grammar School. The Thomas J. Semmes Memorial Chapel is the Munificent Gift of a noble wife fittingly perpetuating the memory of her illustrious husband in the College he loved so well.

The College also desires to express its gratitude to Mrs. S. B. Denègre, Mr. J. B. Levert, Mr. Nicholas Burke, Mrs. N. Hanton Burke, Mr. Lawrence Fabacher, Mr. Joseph Bur-
guières, Mr. Francis R. Johnson, Mrs. Andrew Johnson, Mr. James Sinnott, Mr. Anthony Vizard and other true friends who generously contributed to the building fund.

The College hopes that these noble examples will arouse in others, blessed with ample fortune, the desire to emulate the above-named donors and to advance the cause of Christian education, by assisting in the construction of the contemplated Science Hall and other buildings forming an essential feature in the original plan.

The President and Faculty express their grateful acknowledgment also to the various departments of the U. S. Government and of the Smithsonian Institute for contributions to the College Library and Museum.

To Georgetown University, Washington, D. C., for a scholarship in the Law or Medical Department.

To Mr. Alonzo J. Woodville for a scholarship in the New Orleans College of Oratory.

To the two generous "Friends of Education" who during the past year donated the REV. J. D. FOULKES Perpetual Scholarship, and the POPULAR STUDENT Course Scholarship. The names of the Donors, according to their own wish, are not published.

To Dr. Paul Reiss, Dr. William Scheppegegrell, Dr. Charles Landfried, Dr. S. M. Blackshear, Dr. Denegre Martin, Dr. M. Van Wart, for professional services.

To Mlle. E. Vignaud for the valuable addition of four hundred volumes to the College Library.

To Mr. George Rapier, and to several of the Students, particularly Mr. Claude Perrier and Mr. Edmond Souchon for their gift of books to the Students' Library.

To the members of the Mechanical Drawing Class, particularly to Mr. Paul Charbonnet and Mr. Poche Waguespack, for contributions to the physical cabinet.

To the College Orchestra for the programs furnished at the various college entertainments.

To Donors of Medals for excellence in the different studies.

To Mr. Harry McCloskey for a valuable premium conferred in the Grammar School Department.

To Mr. Charles B. Eble, for palms, ferns and flowers on many occasions.

To the local press for numerous acts of courtesy.
